## Omega Analysis Workshops Webinar Results Dates:

10/12/17 - Thursday (5pm PST/7pm CST/8pm EST)  
11/18/17 - Saturday (9am PST/11am CST/Noon EST)  
1/11/18 - Thursday (5pm PST/7pm CST/8pm EST)  
2/10/18 - Saturday (9am PST/11am CST/Noon EST)

1. What is Omega Quant Analysis Testing? A simple but VERY detailed test that shows your Omega 3, Omega 6, Trans fat and Saturated Fat levels. **Omega 3 and omega 6 levels affect your overall health and prevention. They affect heart disease, triglyceride levels, cognitive diseases, including depression, anxiety, dementia, pain and inflammation in the eyes and all body tissues, hormones and neurotransmitters, autoimmune disease, neuropathy, nerve damage, bone health, maternal health, child growth and development etc.** At NCB, proper Omega 3's are part of our recommended NUTRITION FOUNDATION for ANYONE, no matter how they eat. Knowing these levels can help determine which omega supplement we recommend, if your current omega supplement is working, how much you are actually getting through diet and if your health symptoms or issues are being caused by an imbalance in these specific levels.
2. Participants will need to our call office at [847 - 985 - 1200](tel:847-985-1200) to provide demographic and payment information to register for the workshop and receive the omega testing kit **at least 3 weeks or more prior to the workshop date so we can ensure personal results are received.**
3. The **\$139.00 registration fee** is due when you call the office for the kit. This includes a copy of your results and a follow-up "group appointment" via webinar or phone on your assigned date.
4. The omega analysis test is an AT-HOME specimen kit designed for ease. It involves a small lancet for a finger prick blood specimen and a I-spot blot paper. You then send via USPS in a pre-paid envelope.
5. It takes approximately 1-2 weeks for the results to come back. **\*\*\*Please note that if you are unable to attend the assigned webinar or your results have not come in yet that you are welcome to join the next upcoming webinar!**
6. This is a HUGE cost savings as the new patient fee for an initial consultation of \$499.00 is waived by doing a workshop. There are no cancelations or refunds for any reason.

7. The ZOOM webinar or phone links:

**Join from PC, Mac, Linux, iOS or Android:**

8. **Important:** The OTC supplements at Nutrition, Connection, Balance (NCB) are used and brought in through my verification and food science degree. MOST importantly, they have shown clinical effectiveness with thousands of our NCB clients; therefore if you do have issues with your levels or your body is unresponsive to something, we know that it is not the supplement but that your body needs a different dose or therapy to achieve balance. We STRONGLY advise you to order any recommended over the counter supplements (except Juice Plus+ - please order from the person that introduced you to it) directly from Nutrition Connection Balance/NCB at [847 - 985 - 1200](tel:847-985-1200) after the results session for your individualized deficiencies and imbalances. Please request a free copy of our "Supplement Guideline" sheet. **\*\*\*Approximately 79% of over the counter (OTC) supplements on the market today do not contain the ingredients that are listed on the label, they are not absorbed effectively by a human or contain contaminants and ingredients you do not want in your body.**
9. Please visit our website [www.NutritionConnectionBalance.com](http://www.NutritionConnectionBalance.com) for more information about NCB and Lauren Chaves MS, RD, LDN.
10. Also visit our events calendar on our website for additional virtual workshops, medical lectures and other educational seminars.
