Toxin &/or Iodine Testing Clinic

2025 Dates: 5/14/25 & 10/15/25 (prices subject to change)

All tests require urine sample(s).

Includes results, clinical synopsis, individualized recommendations, handouts, and video(s).

Toxic metals and minerals (38 metals and minerals): **\$325**

Glyphosate (dangerous herbicide linked to cancers): **\$148**

Tox Detect (19 environmental toxins): **\$350**

Iodine (Important for toxin protection, thyroid, and breast health): **\$228**

Organic Acids ("OAT"): 76 markers for yeasts, fungus, bacteria, oxalate, glutathione (vital for toxin and cell protection, unknown fatigue, immune bowels, and stomach and GI pain, and if toxins are present). **\$400**

Mycotox: (40 species in 11 mycotoxins/mold and fungus). **\$400**

Environ Tox (3 tests, 97 markers): organic acids, tox detect (environmental), and glyphosate. **\$820** (save: \$75)

Environ Tox Complete: (4 tests, 108 markers): organic acids, tox detect (environmental), glyphosate, and mycotoxin. **\$1085** (save: \$180)

Environ Tox Complete + Toxic Metals (5 tests, 128 markers): organic acids, tox detect (environmental), glyphosate, mycotoxin, and metals and minerals). **\$1310**

1. Toxic metals like gadolinium come from medical tests, mercury from vaccines and seafood, and so much more. Metals can affect fatigue, disease risk, muscle weakness, and brain functioning and conditions.
2. What is Glyphosate? An herbicide that has serious health risks and symptoms associated with it, such as cancer.
3. Environmental toxins are everywhere: buildings, cosmetics, plastics... Testing includes a variety of contaminants that affect long term body and brain health, and disease risk.

4. How are the samples collected? One morning urine collection in a plastic cup for up to 5 tests, 6 tests require 2 morning samples of urine. Iodine is tested by urinating on paper strips, 1 morning and 1 night.
5. Who should do the testing? Anyone with high risk of cancer or currently has cancer. People wanting the highest level of prevention and detection. Anyone over 50 years old for a screening. People and children experiencing a variety of unexplained symptoms: body and tissue pain and aches, high inflammatory marker or inflammation, skin issues, medical issues and symptoms, and mental health issues.
6. Prevention and detection and then removal of toxins is vital. After you get your results, you will receive a video and handouts that helps you understand the exposures and reasons to rid your body of any toxic levels. There will also be specific therapies suggested based on YOUR specific markers and risks.
7. Participants will need to call our office @ 850-227-7931 or e-mail NCB: ncbteam@nutritionconnectionbalance.com to provide demographic information and credit card information to register for the clinic and receive the testing kit **at least 5-6 weeks or more BEFORE the clinic date so personal results will be back in time for the clinic release date. You can ALSO register for kits directly on our website: www.nutritionconnectionbalance.com under "shop".**
8. **You will receive an email with handouts, a recorded webinar from NCB clinician, and your individual results and goals between 11 am – 5 pm on the clinic date or sooner.**
9. Full payment is due when you call the office for the kit(s) or pay (through Paypal) on our website.

There are no cancellations or refunds for any reason, and you can NOT move to another testing clinic or send in an old kit. Purchasing a kit for this clinic means it must be sent in for this clinic.

Important: The therapies (supplements, foods, and powders) at Nutrition, Connection, Balance (NCB) are used and brought in through the clinician's verification and experience of working with thousands of patients. MOST importantly, they have shown clinical effectiveness with thousands of our patients; therefore, if you have issues with your levels or your body is unresponsive to something, we know that it is not the supplement but that your body needs a different dose or therapy to achieve balance. We STRONGLY advise you to order any recommended over the counter supplements directly from Nutrition Connection Balance/NCB at [850-227-7931](tel:850-227-7931) or e-mail your order ncbteam@nutritionconnectionbalance.com.
